

EXPANDED LEARNING OPPORTUNITIES PROGRAM PLAN

Prepared by:
Expanded Learning Division

California Department of Education
1430 N Street, Suite 3400
Sacramento, CA 95814-5901
916-319-0923

**This Program Plan Template Guide is required by
California *Education Code (EC)* Section 46120(b)(2)**

Expanded Learning Opportunities Program Plan

Local Educational Agency (LEA) Name: KIPP Poder Public School

Contact Name: Janeethe Yarahuan

Contact Email: jyarahuan@kippsocal.org

Contact Phone: 323 204 2694

Instructions: Please list the school sites that your LEA selected to operate the Expanded Learning Opportunities Program (ELO-P). Add additional rows as needed.

1. KIPP Poder Public School

Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

Expanded Learning Opportunities Program Plan

“Expanded learning opportunities” has the same meaning as “expanded learning” as defined in *EC* Section 8482.1. “Expanded learning opportunities” does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

Instructions

This Program Plan needs to be approved by the LEA’s Governing Board in a public meeting and posted on the LEA’s website.

The program plan template guide is considered a living document that is periodically reviewed and adjusted to reflect the needs of the community, updates in the law, and to provide continuous improvement in the development of an effective ELO-P.

The LEA is responsible for creating, reviewing, and updating the program plan every three years in accordance with *EC* Section 8482.3(g)(1). LEAs are encouraged to work collaboratively with partners and staff to develop and review the program plan. The LEA is responsible for the plan and the oversight of any community partners or subcontractors. The LEA should include any partners in the development and review of the plan. It is recommended that the plan be reviewed annually.

The Expanded Learning Division adopted the *Quality Standards for Expanded Learning in California* (Quality Standards) and introduced requirements for Continuous Quality Improvement (CQI) to help programs engage in reflection and be intentional about program management practices and activities delivered to students. To create the program plan, provide a narrative description in response to the prompts listed under each Quality Standard below. The LEA may customize and include additional prompts, such as describing SEL activities, or refining the plan. In addition to the narrative response, it may be useful to include tables, charts, or other visual representations that contribute to the understanding of the ELO-P. LEAs are encouraged to download and reference the Quality Standards in order to provide ongoing improvements to the program. The Quality Standards can be found on the California Department of

Education’s (CDE) Quality Standards and CQI web page, located at <https://www.cde.ca.gov/ls/ex/qualstandcqi.asp>.

Expanded Learning Opportunities Program Plan

County District School (CDS) Code: _____

List 3- 5 steps that are taken to recruit students

Information/interest forms will be given to parents about our after school program in various ways including, but not limited to:

1. Registration form sign up link to be shared with all families of KIPP Poder Public School families during July/August 2022.
2. Parent Square messages & alerts to be sent to the entire school about After School Program registration forms during the interest period in July/August 2022.
3. After School Program flyers were posted on Parent Square & school social media accounts.
4. Expanded Learning Instructors and Expanded Learning Manager are directly recruiting students by calling families & collaborating with school day teachers recommending students to program.

2022-23 Program Goals

The program goals at KIPP Poder Public School are as follow:

Academics

- Students will receive academic support in academics to ensure that they are exceeding in their academics with their instructor and receive help with any academic work and independent classwork

Enrichment Experiences

- Students will be exposed to different types of enrichments throughout the school year to ensure the After School Program at KIPP Poder Public School is expanding student horizon
- Students will participate in fun and engaging enrichment activities.

Safety

- Students feel emotionally and physically safe at the program. Program will develop safety protocols during daily programming and in the event of an emergency.

Educational and Literacy Element

List all educational and literacy elements that the Expanded Learning Program offers, the frequency and purpose for all educational components that meet this program element

Every Monday, Tuesday, Wednesday, Thursday and Friday at KIPP Poder Public School students participate in a 30 minute Study Hall, which is built into the schedule. During Study Halls, Expanded Learning instructors work with students to complete homework, study for upcoming assessments, and work on projects. This academic session allows staff to help students focus on specific math and reading skills. We aim for all participants to finish all homework assignments and reading by the end of the program.

The Expanded Learning Program will allocate 15 minutes for participants to read daily. Through this daily practice, students will improve their reading skills.

Expanded Learning Opportunities Program Plan

Educational Enrichment Element

List all educational enrichments that the Expanded Learning Program offers, the frequency and purpose for all educational components that meet this program element

We offer many educational enrichment opportunities depending on what students' interests are. Examples of enrichment clubs include: **Music, Dance, Fit Club, Crafting, Art, Soccer, , Basketball, and STEM**. In each of the enrichment offerings, students will engage in learning that supports mastery.

It is an expectation for all of our KIPP SoCal Expanded Learning Programs to have Instructors complete lesson plans, it helps align and integrate the program with the school day and LIAS (Learning in After School) principles. To provide quality enrichment that follows the LIAS principles of expanded learning a thought out plan for each day of enrichment is expected. Instructors will submit lesson plans weekly to their Expanded Learning Manager for review.

Students have the opportunity to participate in the enrichment club of their choice. Enrichment clubs run quarterly, the length of the sessions allow students to build and master skills in their chosen enrichment. Students will then have an opportunity to showcase to families, peers and teachers what they have been working for for the entirety of the session.

Safe and Supportive Environment

Describe how the program will provide opportunities for students to experience a safe and supportive environment. Include if the program will be offered on the school site or off campus. If not on site, describe where in the community it will be and how students will be supported to get there.

If the program will be located off campus, describe how students will travel safely to and from the program site.

KIPP Poder Public School Expanded Learning Program is located in the same facility the students use during the day, no transportation is necessary for the students. Students will be picked up by Expanded Learning Instructors from their general education teachers when school ends. The Expanded Learning Team Members will be easily identified by having their school badge that identifies them as a KIPP Poder Public School Team Member. Before the first day of Expanded Learning, Team Members will participate in first aid training, and emergency preparedness professional development. The Expanded Learning Program will also ensure to fill out an Ouch Report when students suffer an injury during program time.

Describe the initiatives and measures that will be taken by the program to create safety procedures that are aligned with the instructional day, including regular staff training and practice drills with students and staff.

We know emergencies can occur at any time of day and want to make sure that ELO teams are trained and equipped to handle any type of emergency, especially since ELO managers are the lead on-site personnel when these after-hours emergencies occur.

Expanded Learning Opportunities Program Plan

As a result, next year, we will be taking the measures below to ensure safety procedures are aligned:

- Require ELO teams to conduct nine emergency drills times a year. Drills practiced included by not limited to Fire, Earthquake, and Lockdown.
- Require the ELO manager to draft a safety plan appendix to be included in the site's comprehensive safety plan.
- All ELO team members are required to complete the 45-minute active shooter e-learning module designed by ALICE.
- All ELO team members are required to attend an in-person emergency prep training twice a year (August and January) on their sites' specific procedures.
- ELO managers will be provided with a 4-hour Incident Commander (ICS) training to ensure they are equipped to lead emergency response for after-hours emergencies.

Additionally, at our program, staff, students, families and school staff will know where students are located throughout the duration of the program by being able to contact the Expanded Learning Manager on their work phone. Parents will be able to call this phone number anytime during program time.

Expanded Learning Manager will also have a list of all the students emergency contact information in their Google Drive where they will be able to share it with all the team members.

Describe how the program will provide a safe and supportive environment that provides for the developmental, social-emotional, and physical needs of students.

We also provide an emotionally safe and supportive environment by continuing to practice character traits throughout the Expanded Learning program such as reflection, integrity, love and grit that helps students be aware of the motives and feelings of other people and oneself. These character traits were created by the school to generate engagement from a variety of stakeholders as an emotion-driven touchpoint defining the school, and will continue during the Expanded Learning Program.

Active and Engaged Learning

Describe how the program will provide opportunities for students to experience active and engaged learning that either supports or supplements, but does not duplicate, the instructional day.

Provide examples of best practices, including research or evidence-based practices that were used to guide the planning of educational literacy and educational enrichment activities that will align with the regular school day to enhance academic performance achievement and positive youth development.

Expanded Learning Program Team Members in the beginning of the school year will participate in several school wide professional development to ensure the same culture from the school day is present during the program. Participating in school wide professional development will help align with after school. For example knowing each student's school schedule and having access to their teachers google classroom for the

Expanded Learning Opportunities Program Plan

instructors to better support the students.

Describe the planned program activities and how they will:

- a. Provide positive youth development.**
- b. Provide hands-on, project-based learning that will result in culminating products or events.**

Students will be offered several enrichments, where they will get the opportunity to do different types of activities. The range of enrichment activities include hands-on to project-based, and students have a large selection of enrichments to pick from. Some examples of this programming include:

- The purpose of the fitness enrichments is to help the students build endurance and strength through different exercise routines. They will run daily, complete dynamic stretches and implement at least 5 exercises per session. Students will then be allowed to work independently for the remaining time of enrichment within a sport - Basketball, Football, Tennis, Volleyball, or Soccer.
- In the dance drill team enrichment is a group of dancers who perform group routines in unison. Student's will promote school spirit, develop physical coordination and dance technique as well as build confidence and self-esteem. The team will learn routines that will be performed for their field days.
- In the Art enrichment students in the Program will learn how to do projects and then they will be recreating them by themselves. Students will learn how to repurpose ordinary items into a project that they will be able to get a different use out of. Students will also learn different art techniques and will be able to create artwork with different paints and materials.
- In Science, students in the after school program will be doing hands-on projects as they are learning about molecules, density, surface tension, ect. Students will be creating projects like oobleck, DIY lava lamps and will further their understanding in science in a fun and creative way.

If applicable, explain how the planned program activities are based on the school and community needs for a summer supplemental program.

To ensure our summer program is based on school needs, the School Leader and Expanded Learning Manager will work together to develop summer programming. The primary focus of summer programming will be countering the summer slide and ensuring that students continue to learn throughout the summer break. Students will read for 30 minutes each day to maintain or increase their reading levels, just as they do in after school during the school year. Students will also be able to participate in summer enrichment similar or identical to those offered during the school year as well as present what they've learned at the end of summer student showcase.

Students will also be able to participate in new activities as part of summer programming, including field trips and outdoor activities. These activities would allow students to experience the outdoors and explore new forms of physical activity.

Skill Building

Describe how the program will provide opportunities for students to experience skill building.

Expanded Learning Opportunities Program Plan

Describe how the program's enrichment activities are contributing to student success

Program enrichments offered in after school assist students in developing their critical thinking skills. The education enrichment activities will embrace students' passion, their rich exploration of extracurricular and enriching program options, their collaboration and relationship building in team-oriented activities, or through their engagement in field trips and off-site development. The combination of the opportunities and experiences we offer, in the context of a nurturing environment, will prepare children to compete and succeed as they pursue choice-filled lives in high school, college and beyond. Lessons conducted by Instructors require students to think critically and apply lessons to real life skills. All lessons will be comprehensive and include steps to building life skills.

Explain how the planned program activities are based on the school and community needs for a before school, after school and/or supplemental program

The program activities are planned based on community and school needs, it is a top priority for the program to bring extra curricular activities that the school cannot offer. The program will conduct a needs assessment that will be given out to families on a yearly basis to meet their needs. The mission at KIPP Poder Public School is that students, families, and communities carry with them a history, identity, and roots that are complex and beautiful. The Expanded Learning Program will continue to support students unleash the power of who they are in being able to identify themselves.

Youth Voice and Leadership

Describe how the program will provide opportunities for students to engage in youth voice and leadership.

Describe how student feedback, assessments, evaluations, and integration with the instructional day will be used to guide the development of training, curricula, and projects that will meet students' needs and interests

Students are given a survey at the end of the quarter which students provide feedback on what they enjoyed in their enrichment. In the survey, students are given an opportunity to voice what different types of enrichments they would like to see in their after. Students are likely to engage in the program when their ideas and contributions are included. Students gain experience, their input and contributions become increasingly sophisticated. This allows students to be leaders and gives them a sense of responsibility and accountability. After receiving the feedback the Expanded Learning Team at KIPP Poder Public School will incorporate the students feedback into the program. The Expanded Learning Manager will also conduct observations, to assess the program. Through observation the Manager will be able to support areas of growth for the program as well as determine any areas of growth.

Describe the opportunities provided to students where they can share their viewpoints, concerns, or interests (i.e., student advisory group) that will impact program practices, curricula, or policies, including opportunities for student leadership

Expanded Learning Opportunities Program Plan

Students provide feedback through surveys twice a year. Surveys are anonymous and are used to help improve the quality of the staff and the program. The program will focus on giving more leadership opportunities to students, these opportunities could be to help other students with assignments, plan activities, lead site visits and help the Coordinator when needed.

Describe how students in lower grades will be able to make choices when participating in program activities, and how students in higher grades will actively exercise their leadership skills by addressing real world problems that they identify in their communities (e.g., service learning).

Students are able to make choices when they vote for enrichment clubs each cycle. They are given the opportunity to choose a club of their choice regardless of the level of difficulty. Students will have an opportunity to run community circles where students get an opportunity to share their view points and give suggestions for the program to grow. Instructors will encourage, and provide a safe place for students to express their concerns and interest.

Healthy Choices and Behaviors

Describe how the program will provide opportunities for students to engage in healthy choices and behaviors. Describe how students will be served nutritious meals and/or snacks during the ELO-P hours of programming.

Describe the types of healthy practices and program activities that will be aligned with the school wellness plan.

KIPP SoCal Public Schools' wellness policy outlines our approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity throughout the school day. KIPP SoCal participates in USDA child nutrition programs and during ELO-P hours of programming students will be served a healthy breakfast/lunch/supper/snack (whichever meal(s) are applicable for program hours) that meet the current nutrition requirements established by local, state, and federal statutes and regulations. Aligned with the wellness policy, during the ELO-P hours we will limit the sale of any foods and limit the use of unhealthy food for celebrations and rewards. To support consistent physical activity throughout the school day, during ELO-P hours students will engage in a wide range of activities including basketball, soccer, yoga, dance, drill team to name a few.

Students always have an opportunity to be active in after-school through structured active play or physical activity enrichments. For example on Mondays we also offer a structured active play block to the students. During the active play block students have 1 hour to be physically active, they have the option of soccer, basketball, handball, volleyball, jump rope, hula hoop and many other physical activities we offer to the students. Students are offered enrichments that keep them physically active. Enrichments such as football, basketball, soccer, dance are offered to the students to ensure that students are getting at least 30 minutes of physical activity.

Expanded Learning Opportunities Program Plan

Describe how the program will incorporate healthy nutritional practices, and the types of daily developmentally appropriate and/or research-based physical activities the program will conduct. Include any collaborative partnerships with wellness organizations.

On a daily basis, we will incorporate a variety of healthy nutritional practices such as nutritional snacks, and daily supper. These snacks and meals are ordered by the school through an outside vendor called Revolution Foods. All food ingredients are Nut-Free to prevent risks of allergic reactions. We will also engage in daily developmentally appropriate physical activities such as structuring our sports by including active sports enrichments and providing activities for our younger students such as structure active play block.

Give 3-5 examples of nutritious snacks or meals that follow the California Nutritional Guidelines that are served in your expanded learning program.

- Southwest Veggie Wrap
- Strawberry Granola Yogurt
- Chicken Salad Sandwich
- Veggie Chef Salad

Diversity, Access, and Equity

Describe how the program is designed to address cultural and linguistic diversity and provide opportunities for all students to experience diversity, access, and equity. Describe how the ELO-P will provide access and opportunity for students with disabilities.

Describe how the program will create an environment that promotes diversity and provides activities and opportunities to celebrate students' cultural and unique backgrounds.

At KIPP SoCal, we believe in reflecting our communities, and are committed to diversity and investing in professional development. 80% of our family and 66% of our leadership team identify as people of color, 79% of our leadership identify as female, and 82% of our leaders are developed from within our own organization. We begin by understanding that racism as a system into which we have all been socialized, recognizing our systemic racial patterns to support our learning and growth, and putting our energy into engaging in ongoing self awareness, continuing education, relationship building and actual anti-racist practice. Students will participate in Cultural Awareness activities that will allow them time to learn about different cultures and expose them to real life experiences. Activities will then have several sessions where the Instructor will deliver lessons based on their students' culture and other cultures. It is important for students to learn and respect different cultures and be more inclusive of their peers. The program will be prepared to accommodate students who need additional support and implement activities that will allow all students to participate and engage in the program. The program will provide a variety of activities that all students can access; develop routines and procedures with all students in mind and partner with families and school leadership to ensure we know student needs.

Expanded Learning Opportunities Program Plan

On a daily basis in our program, we will continue to support the mission at KIPP Poder Public School that students, families, and communities carry with them a history, identity, and roots that are complex and beautiful. The Expanded Learning Program will continue to support students to unleash the power of who they are and be able to identify themselves based on their history, identity, and their roots. The Expanded Learning Program will create an inclusive environment for students. The program will give students an opportunity to celebrate their cultures through music, dance, and traditions. The staff members provide support to students with disabilities by learning more about their needs and best practices that will help them break through barriers

Describe how the program will reach out and provide support to students with disabilities, English language learners, and other students who have potential barriers to participate in the program.

Team Members will work with the Special Education Team to ensure that accommodations that the school day is doing for the student, reflect in the program. The Manager works closely with the team to ensure that we are providing all the necessary support for the student to fully engage in the program. The program will also work with administration to provide the necessary support to English Learners, by either translating projects into their native language or providing one on one support where needed. The Program will provide a variety of activities that all students can access; develop routines and procedures with all students in mind; partner with families to ensure we know student needs and provide appropriate support

Quality Staff

Describe how the program will provide opportunities for students to engage with quality staff.

Describe how the program's administrators will ensure that all staff who directly supervise pupils meet the minimum requirements of an instructional aide.

All Program Instructors are required to submit verification of at least 60 units of college courses completed, copy of Bachelor's Degree, or pass the Proficiency Test in order to be employed by the organization. This ensures that they are able to provide academic support to the students.

Describe the planned recruitment and hiring process for staff and how their experience, knowledge, and interests will be considered.

Applicants will be screened by the regional talent acquisition team, where they will determine if applicants meet the qualifications for a phone screen interview. A phone screen interview will help determine if a candidate has basic knowledge, experience and interest in the position. If the candidate passes the phone interview, candidates will then be invited to an in-person interview with the Expanded Learning Manager and School Team. Candidates will be asked questions related directly to the culture of the school and their experience in giving quality service. The program aims to hire individuals that are interested in pursuing a career in education. Once offered a position, candidates must provide a copy of their FBI/DOJ live scan

Expanded Learning Opportunities Program Plan

fingerprint card, results to a current TB test, and proof of vaccination or an approved exemption.

Describe the type and schedule for the continuous professional development that will be provided to staff.

Program Managers will create a training schedule that reflects the needs of the school and program. Training starts as early as the summer before the program starts. The various types of training that occur throughout the year are listed below:

- Classroom Management
- Lesson Plan Development and Facilitation
- Enrichment Engagement
- Attendance Procedures
- Meal compliance
- Event Planning
- Emergency Preparedness
- School Culture
- Relationship Building
- Professionalism

Team Members will attend weekly team meetings and several days of professional development throughout the school year. It is crucial for the success of the program that team members continue to receive feedback so they can grow and develop their skills. Feedback is given through multiple avenues, like on the ground observations, meetings, and one on one check-ins. In addition, team members will attend bi-weekly one-on-ones with the Expanded Learning Manager to discuss performance, programmatic goals and receive support during the program in accordance to goals discussed at the time of hire. Team Members will also receive a rating on program observations, this will help the program get stronger.

Program Managers will also receive continuous professional development via the regional expanded learning team, school administration, operational leaders and human resources. Managers also are coached through program coaching/compliance visits, these visits support their on the ground development and skill building.

Clear Vision, Mission, and Purpose

Describe the program's clear vision, mission, and purpose.

Describe how the needs of the community, students, parents, and school were identified (i.e. assessment scores, number of students performing academically below grade level, school and community safety data, attendance and truancy rates, and juvenile crime rates, etc.), the resources available, and how those needs will be addressed.

We prioritized the need for foster/homeless youth and students who can come to the program every day of the week. The resources for these students include supper, academic support and opportunities for enrichment activities. We provide the students an environment where they feel safe.

The Expanded Learning Manager works closely with different stakeholders to receive feedback on specific community needs. It is important that all stakeholders are involved when planning a program. Involving

Expanded Learning Opportunities Program Plan

stakeholders such as school administrators, teachers, parents, staff and other community members helps build stronger relationships and goals that benefit the program participants. The School Leader observes the Expanded Learning program to make sure that our program is aligned with regular day school and helps create goals that will strengthen program operations and quality. The Expanded Learning Instructors give feedback to Manager about program improvements and the Manager works with the Program Manager to implement best practices and feedback. The program can only accomplish its mission and vision if the whole school community works together.

Describe 3-5 program goals developed from the results of the needs assessment and how will data be collected to evaluate whether program goals are being met.

These are the program goals we have for KIPP Poder Public School:

1. Offering diverse enrichments that students did not have an opportunity or access to participate outside of school.
2. Students in the Expanded Learning Program will be able to learn a new skill or gain new knowledge while being in the program.
3. The program will be a safe place where students will be supportive and safe.

At least twice per year, we will engage with all our stakeholders (students, families, school leaders) via surveys to evaluate whether our program goals are being met.

Describe how the program has engaged or will engage stakeholders (i.e., Principal, instructional day teachers and other instructional day staff, families, students, program staff, community members, and other community partners) in the creation of the program's mission, vision, goals, and expected outcomes based on the needs of the specific community.

Our program is led by the Expanded Learning Manager and that person is managed by a school administrator on site which allows for cohesion between the expanded day program and the instructional day. When creating the program's vision and goals, our Expanded Learning Manager is able to work closely with the school leadership team to align and support the vision and goals of the school. A member of the school administrators team observes the After School program to make sure that the program is aligned with regular day school and helps create goals that will strengthen program operations and quality.

Collaborative Partnerships

Describe the program's collaborative partnerships. Local educational agencies are encouraged to collaborate with non-LEA entities to administer and implement ELO-P programs.

Describe the collaborative partners that will be involved in the process used to plan, implement and update the after school program plan.

The Expanded Learning team will communicate with the KIPP SoCal Success Team for support in collecting

Expanded Learning Opportunities Program Plan

data, making necessary reports, and providing supplemental academic support. Recording attendance will be supported by the Regional Office in order to determine if level of services are met based on students' attendance records and determine days/times services are not met as usual. School Leaders will offer support in developing the Expanded Learning Program through various avenues. School Leaders will also assign a school administrator to be the direct manager of the Expanded Learning Manager in order to achieve even stronger cohesion between the expanded learning program and the instructional day. Furthermore, the Director of Expanded Learning at a regional level will be partnering with other local agencies including other expanded learning providers, the LA County Office of Education's Expanded Learning Division and other state agencies to constantly improve the program quality of each school program and obtain additional resources for our staff's professional development. Thankfully, all these partnerships have already been in place for many years and as we move into growing our expanded learning services in each school, we will be able to easily leverage these collaborative partnerships in order to provide our students and staff with the best opportunities. Furthermore, the Expanded Learning Manager develops their own partnerships with local organizations/vendors to provide services to their students and this allows for tailoring to happen based on student interests each semester.

List and describe at least 3-5 collaborative members, including any specific duties/responsibilities or contributions (e.g., Memorandums of Understanding, service providers, in-kind, etc.).

The After School Program partners with the following organizations:

- Our Little Helpers is a supper provider that funds the supper program.
- The program will partner with Revolution food who will be providing snacks and supper meals to the students.

Identify any potential collaboration and partnerships that would be of benefit to the expanded Learning program and describe your efforts to include them.

We hope to partner with the following organization - Girl Scout of Greater Los Angeles. Girl Scouts provides their curriculum as well as field trips where students get to explore more becoming leaders.

Continuous Quality Improvement

Describe the program's Continuous Quality Improvement plan.

Describe what measures of student success (e.g., school attendance, students and parent satisfaction, academic improvement, feedback from instruction day teachers) will be collected to help the program(s) assess and improve the quality of academic enrichment opportunities. Explain how the measures are coherent with the instructional day and the goals of the program.

Evaluating Effectiveness

We will evaluate the program each cycle and adjust any program components as needed. Also, surveys will be done by students regularly to evaluate satisfaction and student surveys will also be administered. Surveys for families will be sent every quarter to evaluate satisfaction. The measure of our program success will be based

Expanded Learning Opportunities Program Plan

upon student and family survey results.

We will be gathering qualitative feedback by gathering responses on the questions below:

Students

- I like the after school program
- I like my study hall teacher
- My After School Teachers make me feel safe
- If you answered yes, what teacher/s makes you feel safe?
- Have you learned something new this year at the After School Program?
- What is your favorite part of the After School Program and why?
- What makes the After School Program fun?
- One idea to make the After School Program better is:

Families

- My child enjoys attending the After School Program
- I like the services my child is receiving in the After School Program
- Please give us a reason for your answer above
- I am satisfied with the overall communication from the After School Team Members
- I am satisfied with the amount of academic support my child is receiving
- What is one way that after school has supported you or your child during this year?
- I am satisfied with the After School Program
- I would recommend the After School Program to other families
- Let us know if you have any other thoughts or comments to share!

Our program goals and next steps for 2022-23 will be determined based on the regional surveys we are providing families and students. It is our hope that by working to meet program goals and that we will ultimately be meeting the needs of our students and families during the Expanded Learning Program.

Describe how (i.e., methods and frequency) the program will engage in a data-driven CQI process (i.e., assess program quality, plan, improve program quality) based on the Quality Standards for Expanded Learning in California. Include timelines, roles of staff and other stakeholders, and how the results of the assessment(s) will help refine, improve, and strengthen the program.

Please use the CDE's Guidelines for a Quality Improvement Process Web page at <http://www.cde.ca.gov/lr/ba/as/implementation.asp>.

The role of the Expanded Learning Manager is to assess the program, plan frequently and make improvements to the program every semester. The Manager will collaborate with school administration and instructors frequently to make the necessary adjustments to the program. Once the assessment has been conducted, the Manager will continue to work with school staff to have a plan of action for the program based on the assessments to meet specific goals. The Manager builds a quality improvement in the month of July and chooses 1-2 quality standards to focus on for the school year. The region focuses on quality staff due to the high volume of turn over that occurs in the program. Focusing on that quality standards helps us strengthen the operations of the program. Once the quality standards are chosen, and the Manager starts assessing, the Manager submits quarterly continuous quality improvement updates to the Regional Team, the regional team reviews to ensure that the program is on track to meet their goals for the year. The program will also receive a few coaching visits and peer reviews throughout the year that helps with meeting all requirements and to

Expanded Learning Opportunities Program Plan

ensure program quality. The Manager shares all progress with their team and works on a plan to make any necessary improvements.

Program Management

Describe the plan for program management.

Describe how the program funding will relate to the program vision, mission, and goals for each site or groups of sites.

In an effort to carry out this vision, we utilize the state grant funding to hire a full time manager in an effort to ensure all documents and attendance are within compliance. Furthermore, the program funding is used to hire part time staff that will ensure students are safe, and they are supporting to expand students horizons. The funding also supports the purchase of materials and supplies that carry out a well-rounded enrichments club. The program funding is also used to fund field trips that are both academically aligned and that expand horizons. All purchases for the program will be made to assist students to accomplish academic and enrichment goals.

Provide the program organizational structure including succinct description of staff roles (e.g., “Staff responsible for homework support for grade three and science activities for grades three through five.”), lines of supervision for each site or groups of sites, frequency of meetings, and methods of communication.

Expanded Learning Program Supervisor: A School Administrator (School Leader) oversees the entire program and ensures program efficiency and student safety. The Expanded Learning Program Supervisor directly manages the Expanded Learning Manager.

Expanded Learning Manager: Expanded Learning Manager manages the day-to-day operations of the program. The Manager is responsible for hiring, training, retaining, and terminating all Expanded Learning Program staff. S/he also plans and executes programming, handles parent and community matters, and keeps the program compliant to grant guidelines. The Expanded Learning Manager meets individually with each of the Expanded Learning Instructors bi-weekly. This serves as a time for the Manager to discuss goals, review lesson plans, and coach teachers. The Expanded Learning Manager meets with the entire staff once a week to share upcoming events, maintain program compliance, and build the team.

Expanded Learning Instructors: These individuals are responsible for the students and oversee grades 1-8. Each Instructor is responsible for supporting a certain grade to help students with homework. Additionally, Instructors teach an enrichment block, also known as a “club” that they are passionate about. The Expanded Learning Program Supervisor (Administrator) works jointly with the Expanded Learning Program Manager to meet the mission of the program. During O3 meetings, Administrators push on program quality through Student Survey Feedback and make adjustments to the program as necessary. The Manager also ensures the program meets compliance around attendance, supper, and following dismissal protocols.

Expanded Learning Opportunities Program Plan

Describe the system in place to address the following program administration requirements:

- **Fiscal accounting and reporting requirements.**
- **Obtaining local match (cash or in-kind services) of one-third of the state grant amount (EC Section 8483.7[a][7]).**
- **Attendance tracking, including sign-in and sign-out procedures.**

Fiscal Accounting / Reporting

KIPP Poder Public School is part of KIPP SoCal Public Schools, and the regional structure enables the school and its expanded learning program to focus on students. KIPP SoCal Public Schools Finance & Accounting department provides full fiscal accounting and reporting support. This team, specifically, the fiscal compliance contact, works closely with staff to ensure the smooth and timely handling of all accounting matters. Monthly reports are provided to School Leaders and Expanded Learning Managers, with quarterly and annual reporting to a variety of funding and oversight authorities. We maintain a board-approved set of fiscal policies and procedures, which governs virtually all aspects of the financial operations. The policies and procedures are revised as necessary to maintain compliant and appropriate practices.

In-Kind Matching Funds

KIPP Poder Public School is committed to the expanded learning program and ensuring sustainability. In the most recent year, the in-kind match was:

Source	Category	In-Kind Amount
KIPP SoCal	Facilities	13,650.00
KIPP SoCal	Grants Manager- Staff	12,471.32
KIPP SoCal	HR Support – Staff	2,570.32
KIPP SoCal	Accounting Support	1,153.64
Federal Reimbursement	Snack Expense	14,311.92
KIPP SoCal	Materials & Supplies	2,103.02
KIPP SoCal	Services & Operating Exp	1,775.62
KIPP SoCal	Classified Personnel Salaries	6,564.17
		54,600.00

Program is budgeted to consume variable costs from ELO-P funds. Remaining fixed costs, nutrition costs, administration and management will be drawn from general funds, local funds and other state and federal

Expanded Learning Opportunities Program Plan

sources. KIPP SoCal afterschool program cost structure was budgeted with this cost structure for years and it will continue doing so for ELO program going forward.

Attendance Tracking

KIPP Poder Public School has a well-documented and established attendance tracking system. We utilize uniform sign-in sheets, early release forms, and Illuminate to track all of the student information.

Student Sign-In:

Students transition from their last class of the day to the after school program and sign in on the sign-in sheet provided. Once students are signed in, they participate in enrichment and then transition to Study Hall.

Student Sign-Out

As students are picked up from the expanded learning program, they sign out by class with the appropriate staff member on the same sheet they signed in on. With the proper documentation, students are permitted to sign out and walk, ride a bike, or take the bus home.

Attendance Calculation and Monitoring

Our attendance goal is always 100%, and progress towards the goal is constantly monitored. The primary tool to monitor both calendar and school year attendance audits is the county provided attendance calculator. We have recreated this calculator in Google Sheets in order to increase transparency on the program attendance and to ensure multiple stakeholders have access to the most up to date information. The attendance calculator is updated daily based on the attendance sheets.

Attendance Auditing

KIPP Poder Public School benefits from a regional auditor who comes to the school on a monthly basis to audit attendance and ensure that the sign in sheets match what is reported on Illuminate and ultimately match what is reported to the CDE. We ensure that we have the proper documentation for all attendance reported.

Early Release Policy

Being present during the Expanded Learning Program from start to finish ensures your child will receive maximum exposure to the Expanded Learning Program academic and enrichment opportunities. All students are required to be present until at least 5:50pm. If any student is picked up prior to 5:50pm, a parent/guardian must sign an early release form.

Program Review

The Program Plan will be under constant review to ensure the enrichment and social needs of the students are being continuously met. Each semester, the schedule will be adjusted to fit the needs of the staff and change of athletic seasons. The Program Plan will be updated at a minimum on a yearly basis.

Expanded Learning Opportunities Program Plan

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

Describe how the funding from all grant providers will be used to create one comprehensive and universal Expanded Learning Program.

N/A

Transitional Kindergarten and Kindergarten <<ONLY FOR ELEMENTARY SCHOOLS>>

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (EC Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

TK and Kindergarten students in the program will be in groups of 10:1 ratio at all times. The instructors with this age group are hired and trained for this specific group of students and alongside the ELOP manager, they will create a version of the program that fits the needs of that group. These students are encouraged to take more breaks as the day after school can be long and tiresome.

Describe how the proposed schedule, curriculum and program will accommodate the developmental needs of this younger age group.

The schedule for this age group is modified to fit the needs of the students. The teachers assigned to this group are allowed to change the curriculum and schedule to best support the needs of students in TK and kindergarten. For example, this group of students may choose to take a brain break before starting on homework or joining the rest of the program outside for clubs or structured play.

Describe the plan for recruiting, preparing and supporting staff working with younger children

Team Members are recruited through several job search engine sites, as well as promoted within the organization. Once advertised, applicants are filtered through our regional online system. Applicants are saved within the system for quick reference in the event that additional staff is needed. Applicants will be screened by the regional talent acquisition team, which will determine if applicants meet the qualifications for a phone

Expanded Learning Opportunities Program Plan

screen interview. A phone screen interview will help determine if a candidate has basic knowledge, experience and interest in the position. When screening for team members working with younger children, we will focus on hiring candidates with experience working with that age group, have these team members participate in any training that is offered for kindergarten teachers, the team members will also be able to learn how to implement a fun learning and age appropriate lessons that focus on “doing”. The program will ensure team members are supported by keeping no more than 10:1 ratios during all program hours with extra supervision from the Manager and Assistant.

Sample Program Schedule

Please submit a sample program schedule that describes how the ELO-P or other fund sources, including the California State Preschool Program for children enrolled in transitional kindergarten or kindergarten, will be combined with the instructional day to create a minimum of nine hours per day of programming (instructional day plus ELO-P or other supports). Also, submit a sample schedule for a minimum nine-hour summer or intersession day.

Describe how all funding sources will be combined with the instructional day to create a minimum nine hours per day of programming.

The school will use the general purpose funding and other normal restricted funding sources to fund the instructional day which runs 7:45am-3:45pm (elementary schools) or 8:00am-4:00pm (middle school). Additionally, from school dismissal until 6:30pm, for the after school period, as well as summer school, will use ELO-P funding to exceed the nine hours per day of programming.

Provide a sample program schedule for a minimum nine-hour school day (instructional day plus Expanded Learning supports).

Here is a sample schedule for the school day program.

Start Time	End Time	Content Area/Activity
7:30am	8:0am	Arrival and Breakfast
8:00am	9:00am	Welcome/ELA
9:00am	10:00am	Math
10:00am	11:00am	Science
11:00am	12:00am	History/Ethnic Studies
12:00pm	12:45pm	Lunch

Expanded Learning Opportunities Program Plan

12:45pm	1:15pm	PE
1:15pm	1:45pm	English Language Development
1:45pm	2:45pm	Arts/Electives (access to at least 1; more preferable)
2:45pm	3:45pm	Community Building/Advisory
3:45pm	4:00pm	Clean up/Instructional Day Ends
4:00pm	4:30pm	School Dismissal/ Supper
4:30pm	5:00pm	Study Hall
5:00pm	6:00pm	Enrichment
6:00pm	6:30pm	DEAR / Dismissal

Provide a sample program schedule for a minimum nine-hour summer or intersession day.

Here is a sample schedule for the summer program.

Start Time	End Time	Activity
8:00	8:45	Morning Arrival & Breakfast
8:45	9:00	Clean up/Transition
9:00	9:30	Community Competitions (All Participants)
9:30	9:40	Transition
9:40	11:00	Academics
11:00	11:30	Recess/Recreational Time outdoors
11:30	12:00	Reset Time
12:00	12:10	Transition
12:10	12:40	Lunch!
12:40	12:50	Clean up
12:50	1:00	Transition
1:00	2:20	Enrichment Rotation #1
2:20	2:30	Clean up

Expanded Learning Opportunities Program Plan

2:30	2:40	Transition
2:40	3:50	Enrichment Rotation #2
3:50	4:00	Clean up/Transition
4:00	4:30	Snack / Outdoor Fun!
4:30	5:00	Outdoor Fun & Dismissal!
