2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

KIPP Philosophers Academy is a free public charter middle school that opened in summer 2012 in South Los Angeles. In the summer of 2021 KIPP Philosophers moved into it's new building in Watts, CA. KIPP Philosophers Academy currently serves students in grades 5-8.

The mission of KIPP Philosophers Academy is to provide scholars with an excellent, well-rounded education so they are able to develop their own success in high school, college, and beyond with the ultimate goal of taking their knowledge and putting it into practice to impact their communities in a long lasting and positive way.

At KIPP Philosophers Academy, our values help drive the work we do daily with our scholars. Our values are Love, Curiosity, Integrity and Courage.

Love-We love ourselves, our team and our learning community.

Curiosity-Every moment is an opportunity to learn, reflect and grow.

Integrity-We act conscientiously to make ourselves and our community proud.

Courage-We are proud of who we are. We use that strength to take risks, to make our world better.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

KIPP Philosophers Academy is inspected monthly for safety and cleanliness. At this time, we are not planning any additional facility improvements. The campus is walked through daily to ensure classrooms remain clean and safe.

Our facilities have undergone improvements that focus on the health and safety of students and staff. These improvements were a result of COVID-19 and they include:

- Upgrade to MERV13 air filters
- Plexiglass installation in the office, restrooms and classrooms
- Installation of touchless water bottle fillers
- Installation of touchless hand sanitizer dispensers

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

KIPP Philosophers Academy highly values parental involvement in school activities. Throughout the year we offer opportunities for parents to join in the planning and execution of school activities. In person, examples of such events have been our Fall Festival, block parties, fundraising events, school dances and team and family nights. As we have transitioned to in school learning, we have kept our gathering via zoom to hold a variety of family engagement opportunities such as Coffee with the Principal, Virtual Awards Assemblies, Virtual Heritage Assemblies, and Virtual Weekly Whole School Morning Meeting. During in person learning, parents could volunteer during field trips, in their child's classroom, office, and many other times throughout the day. During the pandemic, our volunteer opportunities are more limited, however our parent committee still plays an active role in planning for virtual events and celebrations. Family volunteer, engagement and involvement opportunities are announced through our weekly family messages, on social media and via parent square and through notices sent home to families. Families who are interested are able to call our main office or reach out to any member of staff.

For more information related to these and other parental involvement opportunities, please contact our Family Engagement Lead, Isamar Campos, at icampos@kippsocal.org.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

At KIPP Philosophers Academy safety is our number one priority. KIPP Philosophers Academy reviews and updates its safety plan every year. This year's plan was reviewed and updated in August 2021. The safety plan outlines what we do for every emergency situation and details the roles of each staff member. Some things included in the plan are - what we do during an emergency which includes earthquake, fire, lockdown, or shelter in place, emergency numbers to call if needed, and staff directory. Staff members also get monthly reminders of what to do in emergency situations and are able to practice what to do during our monthly emergency drills. Drills happen every month at KIPP Philosophers Academy and staff members practice evacuating and taking attendance of their class. This is also a way for students to practice what to do during an emergency. KIPP Philosophers Academy also takes part in the CA Great Shake drill where we initiate our incident command center. During this drill we complete search and rescue, have a first aid station, and practice reunification by allowing parents to "pick up their kids" during an emergency. This always serves as a great way for staff members to fully know their roles and ask questions if needed. Overall staff at KIPP Philosophers Academy understands our safety plan and know what to do during emergency situations to ensure student safety is always a priority.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	20	2	8	
Mathematics	20	2	8

2020-21 Types of Services Funded

KIPP Philosophers Academy School offers an ASES funded afterschool program to assist and support our students. The goal of our program is to continue the support students are receiving during the regular school day in a safe constructive environment during after school hours. Our program provides literacy and enrichment activities for KIPP Philosophers Academy students, grades 5th through 8th. Every student in our program participates in a daily literacy and enrichment component. Our literacy programs provide tutoring and homework help in the core areas of reading, language arts, mathematics, and science. Students use software to make sure they are reading and completing math at their individual levels. Students participate in at least one hour daily in a literacy element. Our educational enrichment programs align with the school's academic program and include, but are not limited to, recreation and prevention activities such as football, basketball or soccer, youth development strategies like performing arts, music, and dance. Other enrichment activities are implemented based on the students' needs and interests.

Professional Development

Two hours are scheduled weekly for staff professional development at KIPP Philosophers Academy. The professional development schedule is set over the summer and adjustments are made as needed. Mondays are set days for professional development. Professional development this year is focused on data-based academic improvements through a codified data cycle of assessing, analyzing, and reteaching. The focus of this professional development is strategically planned throughout the year and topics are revisited as needed. Most of the professional development is delivered during after school workshops. Other professional development opportunities consist of conference attendance and individual coaching sessions. Teachers are supported through in-class observations, teacher-administrator meetings, and student performance data reporting.

This table displays the number of school days dedicated to staff development and continuous improvement.
