2021 School Accountability Report Card

ACADEMY OF
OPPORTUNITY

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

KIPP Academy of Opportunity (KAO) is a high-performing free public charter middle school located in South Los Angeles. We serve approximately 482 students in grades five through eight. KAO unconditionally supports students in their pursuit of self-motivation, competency, love of reading, and being life-long learners. Our students recognize that an outstanding education compiled with high character, is key to achieving personal success and leading a life of infinite opportunity ownership.

Our mission is to ensure that all students develop the literacy skills, character, confidence, and intellectual habits necessary to succeed in competitive high schools, colleges, and the world beyond. Our four guiding principles are: Honor, Love, Advocacy, and Leadership.

About Our School:

KIPP Academy of Opportunity aims to ensure that students develop the academic skills, character, confidence, and intellectual habits necessary to succeed in competitive high schools, colleges, and the world beyond. Our students will become leaders who take pride in their community and have access to choice and opportunity in order to enact change. At the core of our mission is providing our middle school students with academic skills in a college prep environment. Academic learning at KIPP Academy of Opportunity follows a California Common Core Content standards-based continuum through a yearlong scope and sequence focused on teaching grade-level standards to mastery. Data drives instruction at every step.

Our mission supports the notion that schooling should nurture both student confidence and self-identity for all. We will cultivate character strengths and teach these strengths strategically. Macro-structures are proactively planned structures and systems that we create with the goal of developing character as well as a diverse learning environment. These examples include KIPP Academy of Opportunity Way Assemblies, Athletics, Robotics, Zen Zones, Community Circles, and PBIS focused systems and routines.

As a school, we will give students experiences that ignite their curiosity, heighten their critical thinking and provide access to opportunities available to their middle-class peers. Each grade will visit at least one college campus annually to make college a tangible place and goal in our students' minds. We hope to extend this experience virtually as we navigate to our COVID-19 times. Our field lessons connect and extend our learning while giving our students the opportunity to connect with the world around them.

2021-22 School Overview

The KIPP Academy of Opportunity mission acknowledges our school does not operate in isolation. We believe in building a strong sense of partnership, pride and respect for our community. As a college preparatory middle school, we believe our role includes working with families to support them keeping their children on the path to and through college. With this in mind, KIPP Academy of Opportunity and KIPP Through College create family workshops aimed to increase knowledge about the path to and through college and learn about profiles of students from our community who have gone on to graduate from competitive high schools and colleges.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

All areas of exterior grounds are clean and organized in a manner that inspire staff and students to take pride in campus grounds. All areas of exterior landscaping are well-maintained and appear healthy. The main office creates a warm and welcoming environment for staff, students & families. Entering the building presents a very attractive, inviting appearance that draws one in and makes you feel that you are in an exceptional facility. The building interior is well-maintained and appears healthy in a way that complements the appearance of the campus and inspires a culture where staff and students take care of campus grounds. Common areas are clean and organized. Restrooms are being deep-cleaned regularly and air quality is odor-free. Classrooms are clean and organized in a manner that inspire staff and students to take pride in campus grounds.

Due to COVID-19, the following facility improvements were implemented to ensure the safety of our school's community: upgrade to MERV13 air filters, installation of plexiglass in all student restrooms, installation of touch-less water bottle fillers and touch-less soap dispensers, and installation of mobile and stationary hand sanitizer dispensers throughout the campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

There are a number of ways that parents can be involved with KIPP Academy of Opportunity. It Takes a Village is a monthly meeting held by our Parent Liaison that provides parents the opportunity to identify and address issues and opportunities for KIPP Academy of Opportunity students over the course of the year. Parents may also schedule teacher meetings or volunteer in a number of ways on campus. During the COVID-19 pandemic, we have used this as an opportunity to hold parent workshops across our different digital platforms and general means of communication.

Due to the current restrictions in place to mitigate the spread of COVID-19, many of the opportunities mentioned above have been put on hold to limit the number of visitors to school campus. However, there are still many engaging virtual opportunities such as Coffee with the Principal and School Site Council meetings.

For more information related to these and other parental involvement opportunities, please contact our Family Engagement Lead, Prisma Alvarez, at palvarez@kippsocal.org.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.02	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

KIPP Academy of Opportunity's Comprehensive School Safety Plan for the 2021-22 school year was updated and reviewed in October 2021. To ensure our students and staff are prepared in the event of an emergency, regular emergency (earthquake, fire, lockdown) and egress drills are facilitated on a monthly basis.

Not only does KIPP Academy of Opportunity have a plan for each emergency procedure, but our safety plan outlines the roles of each staff member, the locations to reunify and shelter in, and the communication plan that flows from our chain of command to our school. We also have a plan in place for communicating to families and getting students safely to them.

During our drills, we respond to the immediate situation, and then evacuate the building (if not a lockdown) to ensure students are away from danger. Teachers will take attendance and our leadership team evaluates each drill to modify and make adjustments as needed. Our goal is to ensure a smooth, quick, and safe shelter for our students.

KIPP Academy of Opportunity also takes part in the CA Great Shake drill where we initiate our incident command center. In this drill, we will complete search and rescue, have a first aid station, and practice reunifying our families with our students. We have sufficient food, water, and blankets in case of a big emergency. The safety of KIPP Academy of Opportunity students is always the top priority.

2020-21 Types of Services Funded

KIPP Academy of Opportunity offers an ASES funded afterschool program to assist and support our students. The goal of our program is to continue the support students are receiving during the regular school day in a safe constructive environment during after school hours. Our program provides literacy and enrichment activities for 130 students, grades fifth through eighth. Every student in our program participates in a daily literacy and enrichment component. Our literacy programs provide tutoring and homework help in the core areas of reading, language arts, mathematics, and science. Students use software to make sure they are reading and completing math at their individual levels. Students participate in at least 1 hour daily in a literacy element. Our educational enrichment programs align with the school's academic program and include, but are not limited to, recreation and prevention activities such as football and cheerleading, youth development strategies like performing arts, music, and dance. Our school also has a robotics club, which empowers students to learn more about science and engineering, and they even compete with other schools across the region. Other enrichment activities are implemented based on the students' needs and interests.

Professional Development

The number of dedicated staff development days are based on weekly sessions on Monday afternoons as well as regional whole day Professional Development days. Professional development days occur before the school year begins and after it ends. Every week, teachers participate in professional development that focus on a number of themes including teaching and learning, data driven instruction, and student culture. This support is provided in a number of ways, through after-school workshops, content team meetings and grade level meetings. Each teacher is assigned to an Administrator and/or Instructional Support Coordinator, who provide regular observation and coaching sessions to support teachers instructional development.

This table displays the number of school days dedicated to staff development and continuous improvement.
