2021 School Accountability Report Card

COMMUNITY PREP

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

KIPP stands for the Knowledge is Power Program. KIPP Comienza Community Prep is part of a national network of schools that prepare students for high school, college, and the world beyond.

Mission:

KIPP Comienza Community Prep teaches the academic skills, cultivates the character traits, provides the learning experiences and forges the community relationships needed for students to thrive in elementary school, middle school, high school, college and life.

Vision:

KIPP Comienza Community Prep is built on the belief that great schools and strong relationships transform communities. Through rigorous standards-based instruction, character development, and learning experiences beyond school walls, our students will become active leaders who take pride in their community and have access to choice and opportunity in order to ignite transformative change.

Values:

We are guided by the following four values:

Courage- The ability to name, face, and overcome fears.

Ganas- The desire to approach situations and challenges with grit and zest.

Honor- The dedication to respect and love our community and each other.

Reflection- The examination of our self, our community and our world.

About Our School:

KIPP Comienza Community Prep currently serves students in grades K-8 in the community of Huntington Park, California. The school has a lower school, which serves elementary school students in grades K-4, and an upper school, which serves middle school students in grades 5-8th.

KIPP Comienza Community Prep is one school, with two school leaders. The Lower School is led by School Leader Krystal Vega. The Upper School is led by Melissa Helguera.

2021-22 School Overview

As a Trauma Informed School, we have created policies and procedures that understand the impact that intense stress and trauma may have on children's abilities to regulate their emotions, behavior and ultimately learn. Our staff has been provided with training on the effects of trauma on children and we are committed to using classroom approaches such as mindfulness, coping and social skills lessons, and counseling support for students to obtain the skills and knowledge necessary to thrive in school and in life. A positive and safe school climate improves students' ability to learn and grow.

Relationships are also extremely important at KIPP Comienza, as we believe that great schools and strong relationships transform communities. Parents play an important role in our rising leaders' education. We have an open door policy, which has led to the strong belief that the combined efforts of staff and parents are the key to ensure continuous academic progress and character development. When staff, parents, and the community work together, students are successful.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The KIPP Comienza campuses are inspected monthly for safety and cleanliness. We are located at three different school sites, one of which is located at a new facility in the city of Huntington Park serving our Kindergarten through Fourth Grade students. The new facility is in excellent condition with new appliances and accommodations. Our students also have access to a new play structure and play area. Below are some highlights from our November 2021 Facilities Snapshot

- All areas of exterior grounds are clean and organized in a manner that inspires staff and students to take pride in campus grounds. All areas of exterior landscaping are well-maintained and appear healthy.
- Main office creates a warm and welcoming environment for staff, students & families. Entering the building presents a very attractive, inviting appearance that draws one in and makes you feel that you are in an exceptional facility.
- The building interior is well-maintained and appears healthy in a way that complements the appearance of the campus and inspires a culture where staff and students take care of campus grounds.
- Common areas are clean and organized. Air quality is odor-free.
- Restrooms are being deep-cleaned. Air quality is odor-free.
- Classrooms are clean and organized in a manner that inspires staff and students to take pride in

Our facilities have undergone improvements that focus on the health and safety of students and staff. These improvements were a result of COVID-19 and will ensure everyone is healthy and safe when they are at school. Improvements include:

- Upgrade to MERV13 air filters
- Plexiglass installation in the office, restrooms and classrooms
- Installation of touchless water bottle fillers
- Installation of touchless hand sanitizer dispensers

During our quarterly health and safety snapshot, KIPP Comienza Community Prep has scored a 4 out of 4 demonstrating that our facility meets all health and safety indicators for all three sites.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

KIPP Comienza Community Prep highly values parental involvement in school activities. Many times throughout the year we offer opportunities for parents to join in the planning and execution of school activities such as the Winter Festival, fundraising events, Book-fair, and more. Parents often have the opportunity to take the lead with these projects and help plan the events from the ground up. Parents can also volunteer in their child's classroom, office, during morning drop-off, and many other times throughout the day.

For the 21-22 academic year, KIPP Comienza Community Prep has continued to provide parent involvement opportunities in several ways. Lower School and Upper School continue to have virtual Cafecitos (Coffee with Admin) to discuss and receive feedback from parents in areas such as student growth, social-emotional support, teaching and learning, school highlights, COVID 19 pandemic updates, etc. We have also presented and collaborated with other agencies such as Alma Family Services to provide parent workshops on various topics such as parenting challenges in quarantine, de-escalating challenging behaviors, setting boundaries with technology and social media, creating quality family time, and family communication. We also provide communication via ParentSquare to ensure parents remain informed and involved at KIPP Comienza Community Prep.

For more information related to these and other parental involvement opportunities, please contact our Family Engagement Lead, Marianne Perez, at mperez@kippsocal.org.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.02	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The safety and welfare of our students and staff is always the highest priority. The school safety plan outlines what we do for every emergency situation and details the roles of each staff member. Some things included in the plan are - what do do during an emergency which includes earthquake, fire, lockdown, or shelter in place, emergency numbers to call if needed, and staff directory. To continue to provide our school with an opportunity to practice emergency response procedures, all KIPP Comienza students, staff, and visitors on-site participate in emergency preparedness drills that are conducted each month during the school year. Sometimes drills are announced beforehand and sometimes they are unannounced. The goals of the emergency preparedness drills are to improve our ability to protect students, save lives, and reduce injuries in the event of an emergency. Our school's safety plan was last annually reviewed/updated/discussed in October 2021.

Drills practiced at school include:

- Secure Campus Lockdown drill
- Hard Lockdown drill
- Fire Drill
- Earthquake Drills
- Shelter in Place

2020-21 Types of Services Funded

KIPP Comienza offers an ASES funded afterschool program to assist and support our students. The goal of our program is to continue the support students are receiving during the regular school day in a safe constructive environment during after school hours. Our program provides literacy and enrichment activities for 132 students approximately, grades 1st through 8th. Every student in our program participates in a daily literacy and enrichment component. Our literacy programs provide tutoring and homework help in the core areas of reading, language arts, mathematics, and science. Students use software to make sure they are reading and completing math at their individual levels. Students participate in at least one hour daily in a literacy element. Our educational enrichment programs align with the school's academic program and include, but are not limited to, recreation and prevention activities such as football and cheerleading, youth development strategies like performing arts, music, and dance. Other enrichment activities are implemented based on the students' needs and interests.

Professional Development

Each week 2-3 hours are scheduled for teacher professional development. The professional development schedule is set over the summer for the first half of the school year and a tentative schedule is set for the second half of the year. The areas of focus are determined based on a combination of logistical/administrative concerns and curricular needs. Priorities for professional development are based on teacher reflections from the end of the previous year. Professional development focuses are spread out throughout the year and are revisited multiple times. Most of the professional development training is delivered during after school workshops. Some are also provided through conference attendance and individual mentoring. Teachers are supported through in-class observations, teacher-administrator meetings, and student performance data reporting.
