2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

KIPP Vida Prep (KVP) has a vision that is focused on developing students who are strong in intellect and character. We believe in providing quality education and pushing for academic excellence from the beginning of a student's educational career is necessary for student success. Our academic program is standards-based (using California Common Core standards), rigorous and pushes toward student-directed learning that supports problem solving and critical thinking in collaborative settings. Teachers work together to design assessments and other engaging learning opportunities that will allow for on-going analysis, synthesis and evaluation of skills and concepts that will inform instruction. Through academics, we aim to raise our students' intellectual ability and increase the college matriculation rate for students from South Los Angeles. We know that academics alone will not drive our students to and through college, but that educating the whole-child is what will lead students to live choice filled lives and ultimately have a positive impact on society.

About Our School

KIPP Vida Preparatory Academy is a public charter school with a staff that prides itself in being a community of learners dedicated to our students. Through teamwork and data driven instruction we work to give our students a competitive edge to thrive in middle school, high school, college, and in life. We work to cultivate active leaders who take pride in their identity while being able to celebrate the differences in others. Vida creates a unique space where students are challenged with a rigorous academic curriculum as well as in the development of their character. We strive to teach the "whole" child and truly prepare them for life beyond KVP. We also provide enrichment education through our specials program. All of our students take Physical Education, Dance, Theater, Spanish, and Art where they are able to stretch their curiosity even further.

For the school year 20/21 Vida opened a brand new, multi-million dollar outdoor and recreation area. This area features a covered outdoor eating area, state of the art play structure, athletic turf field, a basketball court, and a community garden. Vida is truly proud to offer all student such a cutting edge and versatile space.

Vida truly lives the vision set by KIPP as a larger organization. We believe that our school was placed in a community where it was needed and we want to prove the possible for the many families who crave quality education for their children. Our values- love, curiosity, ganas, and integrity- are unique to our school and shape how we approach educating our students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

KIPP Vida Preparatory Academy campus is inspected daily for the safety and cleanliness of the facility. KIPP Vida Preparatory Academy moved into its current location at the start of the 2017-18 school year after an extensive renovation of the current building. During the 2019 school year, KIPP Vida Preparatory Academy received several improvements: computer stations in every room, new building art, new floor paint, bathroom upgrades, and more. For the SY 20/21, KIPP Vida Preparatory Academy proudly opened a state-of-the-art outdoor recreation and mixed-use space. This new area includes an artificial turf play surface, state of the art play structure, a new covered outdoor eating area, gardening space, and newly painted zone areas.

COVID-19 Preparation and Inspections

Preparation

KIPP Vida Preparatory Academy has undergone numerous facilities modifications and improvements during the period leading up to the start of the SY 21/22. These include but are not limited to:

- Merv 13 air filters
- Plexiglass in restrooms for dividers
- Installation of touchless water bottle fillers
- Installation of touchless hand sanitizer dispensers

Inspection

KIPP Vida Preparatory Academy has received several inspections outside of daily safety walkthroughs. These inspections also include those conducted by KIPP SoCal regional operations teams as well as teams from LA County Department of Public Health. KIPP Vida Preparatory Academy scored in the top percentile on all of these inspections.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with “NT” values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

KIPP Vida Preparatory Academy encourages parent volunteer participation in several activities and events throughout the year. KIPP Vida Preparatory Academy believes having parents directly involved leads to a deep connection with both the success of their students within the school and the lasting footprint the school produces within the community. Currently, due to the pandemic, most of our parent engagement opportunities are virtual and held via zoom or webinar. One of our regular parent involvement opportunities during this time has been the hosting of "Coffee with Admin" meetings to discuss and receive feedback from parents in areas such as student growth, social-emotional support, teaching and learning, school highlights, COVID 19 pandemic updates, etc.

Lastly, using a digital app-based platform called ParentSquare, we are able to stay in regular communication regarding school and community happenings. Our weekly family newsletter helps us communicate week-to-week announcements, reminders, and updates.

For more information related to these and other parental involvement opportunities, please contact our Family Engagement Lead, Stephanie Ruiz-Delgado, sruiz-delgado@kippsocal.org

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.02	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The safety and security of all KIPP Vida Preparatory Academy students and staff is our highest priority. All staff members receive training in a variety of emergency scenarios and use practice drills conducted every month to develop and grow our preparedness. The current safety plan was created in August 2021 and finalized in October 2021 and continues to be discussed with staff following each emergency drill. Members of KIPP Vida Preparatory Academy's staff receive general emergency preparedness training before school starts /during summer presentations, and prior to each monthly drill. These trainings include key elements of the plan and proper steps to carry it out. This comprehensive plan is also sent to all LAPD Precincts and LAFD Stations that would respond to any potential emergencies onsite.

2018-19 Elementary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per class). The "Other" category is for multi-grade level classes.

2020-21 Types of Services Funded

Our instructional program provides core subject and enrichment activities for 557 students, grades TK to 4th during the 2021-22 school year. Core subjects include literacy, math, science, and social studies. Our enrichment program includes visual arts, Spanish, theatre, and dance two to three times per week.

KIPP Vida aims to not only provide every scholar a quality education, but also the experience and tools to cultivate active leaders, with strong self-identity and prepare them to thrive in college and life. We see every student as ours and live by the belief that we teach in schools not classrooms. We share responsibility for our children by building strong relationships with our families and the surrounding community. We believe actions speak louder than words. We strive to live the change we want to see, which is reflected in our core curriculum, enrichment program, and all family engagement events throughout the year.

We are committed to working with families to provide the targeted strategies and resources that will best help families to support their children at home to reach their Big Goals. We are continuously evaluating the needs of our families to develop workshops and resources to help create environments for our students to succeed in and out of the classroom.

Professional Development

Professional Development is a high priority for all KIPP Vida Prep staff members. The professional development schedule begins during the 2-3 weeks leading up to the start of the new school year and continues during workshops held every Monday afternoon for 1-2 hours and several professional development days scheduled throughout the year. Priorities for professional development are determined based on logistical/administrative concerns set by the Leadership Team and teacher reflections from the end of the previous year. All planned PD topics are revisited multiple times a year to ensure all areas addressed are relevant to the needs of the staff and the students. Teachers are also supported through in-class observations, teacher-administrator meetings, and student performance data reporting.

This table displays the number of school days dedicated to staff development and continuous improvement.
