2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Our School Vision

Guided by our Love of People and Love of Learning, we educate our KIPPsters so they have the tools they need to thrive as they graduate from college and lead others in achieving equity in their communities:

KIPP Compton Community School is grounded in the fundamental belief that all people have the power to positively impact the lives of others. We are revolutionary civic leaders who will build a better tomorrow through our profound love of people and love of learning. As a joyful collaborative, through rigorous teaching and learning, strengths-based character education, and trusting relationships our KIPPsters will excel through high school, college, and in life, as we lead others in realizing local and global communities that are equitable for all people.

About Our School Leader

Prior to founding KIPP Compton Community School, LeAnna was a founding teacher and dean at KIPP Illuminar Academy. Prior to joining KIPP, she has worked as both a classroom teacher as well as an after school program director in the Southern California communities of Watts, South Los Angeles, and South Gate. LeAnna received her BA in Liberal Studies from San Diego State University and completed a Master's in Education and Teaching Credential at Pepperdine University. She received her Doctorate in Education, with a focus in K-12 Educational Leadership, from California State University, Long Beach. She is passionate about education and looks forward to moving forward learning and opportunities for students at KIPP Compton Community School.

About our School

KIPP Compton Community School belongs to the children and the families of Compton, California. We are named Compton because it reminds us that we are committed to keeping our promises as we educate the children of the community. We are named Compton because we are the first KIPP SoCal school to be located in this resilient community. We proudly proclaim that we are a community school because just as Compton is known as the "Hub City" due to its central location and connection to key parts of Los Angeles county, we are a hub of our community. We are a place where students, families, and community members collaborate as we build trusting relationships. We seek the wisdom of our students, families, and neighbors as a resource, and build intentional partnerships to remove any barriers to our students and their families thriving.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

KIPP SoCal Public Schools is committed to securing permanent homes for all of our schools to meet the needs of all KIPPsters and families. During our first two years of founding, we were co-located at Vanguard Learning Center. As of December 2020, the construction of our beautiful new campus is complete and we have moved into our permanent facility. The campus is located at 1650 W 134th St, Compton, CA 90222, about 1.4 miles from Vanguard. This is the school that love built and it will be our KIPPsters' home for years to come. Our campus will provide a safe, structured, and nurturing environment with a thriving enrichment experience.

Our new facility is 33,790 square feet and has a turf-lined outdoor play area with a super fun play structure for all ages, an enormous multi-purpose room, dozens of classrooms and rooms for our specialties, state of the art technology in our classrooms, all designed to more than meet the needs of our K-8 school community. Our new campus is also equipped with all of the health and safety systems and equipment to ensure a safe learning environment during the COVID-19 pandemic.

COVID-19 related facility improvements include:

- Merv 13 air filters
- Plexiglass in restrooms for dividers
- Installation of touchless water bottle fillers
- Installation of touchless hand sanitizer dispensers

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	33	N/A	37	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

KIPP Compton highly encourages parent involvement. We are an open campus to families, meaning our families are welcome to be on campus at any time during the school year. Parents can apply to be a member of our Family Leadership Council, which this year has supported the planning of our whole school events and celebrations with our lead Ms. Eryn Harris. She can be reached via email (eharris@kippsocal.org) or phone (323-974-3877). We also host Coffee and Collaborations meetings with our Admin team quarterly. These meetings allow our Admin to pose a school-specific problem and have families support identifying root causes and solutions to address it. Since we value the input and feedback of our families, we created this space to ensure we continue working as a community to create the best school for our KIPPsters. We also host monthly family workshops for families as well as our School Site Council and English Language Proficiency Assessments for California meetings for our English Language. We also leverage our families to build community relationships and partnerships for our school. We've participated in local events including the Compton Christmas Parade and have the Colgate Van visit our campus to provide students with free dental screenings. As a region, each school also has a Parent Ambassador which is a school-nominated parent that supports our Advocacy and Community Engagement (ACE) Team with local and state-wide advocacy and policy work. Currently, due to COVID, most of our parent engagement opportunities are virtual and held via zoom or webinar.

Lastly, using a digital app-based platform called ParentSquare, we are able to stay in regular communication regarding school and community happenings. Our weekly family newsletter helps us communicate week-to-week announcements, reminders, and updates.

2021-22 Chronic Absenteeism by Student Group

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.00	0.73	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Our School Safety Plan was created and last updated in September 2022. The plan includes information about our campus, visitor policy, emergency drills and plan, and parent communication protocols during emergencies. Each month our staff participate in trainings and our school participates in a monthly emergency drill to ensure our students, staff and parents are knowledgeable of what to do in case of an emergency. Our plans are regularly reviewed and updated as needed. KIPP Compton also takes part in the CA Great Shake drill where we initiate our incident command center. During this drill we complete search and rescue, have a first aid station, and practice reunification by allowing parents to "pick up their kids" during an emergency. This always serves as a great way for staff members to fully know their roles and ask questions if needed

2021-22 Types of Services Funded

KIPP Compton Community School offers an ExL funded afterschool program to assist and support our students. The goal of our program is to continue the support students are receiving during the regular school day in a safe constructive environment during after school hours. Every student in our program participates in a daily literacy and enrichment component. Our literacy programs provide tutoring and homework help in the core areas of reading, language arts, mathematics, and science. Students use software to make sure they are reading and completing math at their individual levels. Students participate in at least 1 hour daily in a literacy element. Our educational enrichment programs align with the school's academic program and include, but are not limited to, recreation and prevention activities such as football and cheerleading, youth development strategies like performing and visual arts, music, and dance. Other enrichment activities are implemented based on the students' needs and interests.

Professional Development

In our fifth year, professional development for KIPP Compton continues to focus on building a strong school culture aligned to our school vision and the intentionality in building student culture along with building strong instructional practices for our classes. Our school-wide priorities for the year are: student learning and safety. We continue to focus on strengthening our instructional clarity, maintaining a positive school culture and climate, leading for liberation through conversations about anti-racism and equity, implementing data-driven instruction and building a strong team identity as a community.

Each week our teachers participate in 3 hours of professional development that are aligned to these school-wide priorities. The areas of focus are determined based on a combination of logistical/administrative concerns and instructional needs based on our lesson planning and assessments cycles. Professional development trainings are delivered during after-school workshops. Teachers are supported through weekly in-class observations and coaching cycles, performance review cycles, and student performance data reporting.
