2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

KIPP Endeavor College Prep is a TK-8th grade charter school serving approximately 600 children from Boyle Heights, East LA, and surrounding neighborhoods. Our student population is 99% Latino, 93% free/reduced lunch, 36% ELL, and 12% students with disabilities. We've recently joined the KIPP SoCal family and are at a pivotal and exciting point in our history. As we continue to move through the challenges of this pandemic, we will accelerate student achievement by focusing on our teaching and learning practices and through a restorative culture and climate that focuses on the well-being of the whole child. We will continue to place great importance on safety and connectedness to provide an excellent education that meets our students' unique needs, and tailor our resources to meet the needs of our community. At KIPP Endeavor College Prep, we believe every child can and will succeed. Our approach includes skilled teachers with a focus on data and positive outcomes, curricula proven to engage students and spark their curiosity, and a learning environment that always celebrates growth and achievement.

Mission Statement

Together with families and communities, KIPP Endeavor College Prep creates a joyful, academically excellent school that prepares students with the skills and confidence to pursue the paths they choose -- college, career, and beyond -- so they can lead fulfilling lives and create a more just world.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

We are excited to provide a safe-space for our KIPPsters to learn & grow. Consistent and joyful building aesthetics promote teaching, learning, and student engagement. Additionally, we have made huge health improvements as it is related to COVID-19 such as installing MERV-13 filters. Additionally, we have stayed current with all building repairs and ensured that maintenance is completed in a timely manner. Below are some of the highlights in our Facilities Snapshot of December 2022:

- All areas of exterior grounds are clean and organized in a manner that inspire staff and students to take pride in campus grounds. All areas of exterior landscaping are well-maintained and appear healthy.
- Main office creates a warm and welcoming environment for staff, students & families. Entering the building presents a very attractive, inviting appearance that draws one in and makes you feel that you are in an exceptional facility.
- The building interior is well-maintained and appears healthy in a way that complements the appearance of the campus and inspires a culture where staff and students take care of campus grounds.
- Common areas are clean and organized. Air quality is odor-free.
- Restrooms are being deep-cleaned. Air quality is odor-free.
- Classrooms are clean and organized in a manner that inspire staff and students to take pride in campus grounds.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

To help parents get a well-rounded understanding of what is happening at the school, KIPP Endeavor College Prep (KECP) sends home a family bulletin every Friday as well as consistent, daily updates through social media. Teachers also communicate with families on a regular basis, make phone calls, send notes home, or message through the ParentSquare app to celebrate student success. Parents have teachers' phone numbers and e-mail addresses, and are encouraged to contact teachers to discuss their child's progress at any time. Parents participate in parent-teacher conferences at least twice a year to discuss their children's academic and behavioral progress.

KECP hosts monthly family events, including parent-teacher conferences, workshops, Cafecitos (coffee with admin), and celebrations to provide parents with a better understanding of their children's education and also to provide them hands-on practice of concrete strategies to support their children's success. Upcoming parent events are noted in the school's weekly parent letter. Parents also complete a family satisfaction survey at the end of each trimester. Results of the parent survey are shared with and reviewed by the Family Leadership Academy and ELAC and taken into consideration when making annual LCAP updates.

KECP's Family Leadership Academy is the formal parent and teacher association that represents the school community's voice. SSC meets monthly for approximately 1 hour depending on the topic. The SSC annually reviews the school's Local Control Accountability Plan (LCAP), which describes how the school will meet its academic and social goals. In addition SSC reviews the school's spending plan for federal funding, and represents families' perspectives in school-wide decisions and helps the school to maximize family engagement at KIPP Endeavor.

KECP's English Learners Advisory Committee (ELAC) is a group of parents and staff who advise and assist KECP in making important decisions related to services for English Learners. Our ELAC meets monthly for approximately 1 hour depending on topic and its decisions, together with those of Family Leadership Academy, help the school continuously improve.

For more information related to these and other parental involvement opportunities, please contact our Family Engagement Leads. Amy Haddad at 323-351-0721 or Martha Esqueda, 323-399-2601.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	1.29	0.44	2.45
Expulsions	0.14	0.02	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. 2022-23 School Safety Plan

KIPP Endeavor College Prep reviews and updates its safety plan at the start of every school year. This year's plan was reviewed and updated in October 2022. The safety plan outlines what we do for every emergency situation and details the roles of each staff member. Some things included in the plan are - what do do during an emergency which includes earthquake, fire, lockdown, or shelter in place, emergency numbers to call if needed, and staff directory. Staff members also get monthly reminders of what to do in emergency situations and are able to practice what to do during our monthly emergency drills. Drills happen every month at KIPP Endeavor College Prep and staff members practice evacuating and taking attendance of their class. This is also a way for students to practice what to do during an emergency. Endeavor College Prep also takes part in the CA Great Shake drill where we initiate our incident command center. During this drill we complete search and rescue, have a first aid station, and practice reunification by allowing parents to "pick up their kids" during an emergency. This always serves as a great way for staff members to fully know their roles and ask questions if needed. Overall staff at KPP understand our safety plan and know what to do during emergency situations to ensure student safety is always a priority.

2021-22 Types of Services Funded

KIPP Endeavor offers an Extended Learning program to assist and support our students. The goal of our program is to continue the support students are receiving during the regular school day in a safe constructive environment during after school hours. Our program currently provides literacy and enrichment activities for 100 students, grades TK-8th. Every student in our program participates in a daily literacy and enrichment component. Our literacy programs provide tutoring and homework help in the core areas of reading, language arts, mathematics, and science. Students use software to make sure they are reading and completing math at their individual levels. Students participate in at least 1 hour daily in a literacy element. Our educational enrichment programs align with the school's academic program and also includes subjects like performing arts, music, and dance. Other enrichment activities are implemented based on the students' needs and interests.

Professional Development

KIPP Endeavor's staff professional development program starts each year during our four-week intensive summer start and onboarding for all staff members. During this period, we begin with revisiting our collective mission, vision, and core values, but most importantly, stamp our instructional and cultural priorities for the school year. During this period, we also engage in staff team builders such as community walks and scavenger hunts that allow our team to better understand our greater school community. After this four week period that focuses on supporting a strong school start, staff engage in weekly and targeted professional development each Monday afternoon.

This year, we have identified three key priorities that inform our Staff professional development objectives each week: 1) At least 75% of every lesson will focus on student production of work, including guided practice, independent practice, productive group work, or independent learning, 2) Teachers and leaders will maintain a regular and accurate pulse on student achievement and progress via data collection systems and grade-level assessments in order to make informed teaching and learning decisions, and 3) Engage families and parents in positive and authentic ways to increase meaningful participation in our community.

As stated, KIPP Endeavor's professional development occurs on a weekly basis on Monday afternoons from 1:15–4:00pm. In addition to school-based professional development, KIPP Endeavor also partners with other outside organizations to provide more professional development such as UnboundEd's Standards Institute. Finally, teachers receive ongoing tailored support and PD through weekly in-class observations and coaching cycles, performance review cycles, and student performance data reporting.
