## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

At KIPP Generations Academy we honor our past, empower our present, and brighten our future. We amplify the strength of our students, families, and community through an education rooted in our identities and endless opportunities for all. Together we stand on the shoulders of those who came before us as we uplift each other and achieve multi generational change for a just tomorrow.

### Our Values

**Courage:** We show courage by using our voices to fight for equity and choice. We show courage by persevering through challenges and taking every opportunity to grow.

**Empathy:** We show empathy as we honor and celebrate our differences to build an inclusive school for all to grow and thrive. We show empathy by lifting each other up to strengthen our Team and Family together.

**Optimism:** We show optimism as we develop a love of learning and love of self to find our passions and reach our potentials. We show optimism by taking every day as a new opportunity to create brighter futures.

KIPP Generations Academy is a free, open enrollment, college-preparatory public school that opened its doors to 120 students in the 5th and 6th grade in the fall of 2022 in Gardena, California.

KIPP Generations Academy is a part of KIPP, the Knowledge Is Power Program, a national network of college-preparatory public schools in under-resourced communities throughout the United States with a proven track record of success. Our school is driven by the core operating principles of the five pillars that all KIPP schools share as follows: high expectations, focus on character, highly effective teachers and leaders, safe, structured, and nurturing environments, and KIPP Through College. Further, our school culture is driven by our four values of love, honor, integrity, and excellence, and our school rules of be safe, work hard and be nice.

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)						
Intern Credential Holders Properly Assigned						
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)						
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)						
Unknown						
<b>Total Teaching Positions</b>						

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### School Facility Conditions and Planned Improvements

KIPP Generations Academy is co-located at Robert E. Peary Middle school. Our team works with district maintenance staff to ensure that any repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure we are tracking all needed repairs and facility improvements. School leadership works with district staff to ensure these repairs are happening as efficiently as possible.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A		N/A		N/A	
<b>Mathematics</b> (grades 3-8 and 11)	N/A		N/A		N/A	

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2022-23 Opportunities for Parental Involvement

At KIPP Generations Academy we honor our past, empower our present, and brighten our future. We amplify the strength of our students, families, and community through an education rooted in our identities and endless opportunities for all. Together we stand on the shoulders of those who came before us as we uplift each other and achieve multi generational change for a just tomorrow.

## 2022-23 Opportunities for Parental Involvement

We encourage families to have an active role at KIPP Generations academy because we believe that families are a key ingredient in student success. We leverage the strengths and gifts our students and families come with to shape our academic program and school culture. During the regular school year families are invited to participate virtually in various school events and volunteer opportunities, and meetings; such as our monthly Family Forum, Family Leadership Academy Meetings, Student-Led Conferences, School Success Team meetings, and Team & Family activities. Families are also offered opportunities of school leadership via their virtual participation in our monthly School Site Council meetings and English Learner Advisory Committee parent meetings.

### C. Engagement

#### State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

KIPP Generations Academy's safety plan was published in October 2022 and will be reviewed and updated on a yearly bases. As a primary concern for safety, all visits during the regular school hours should be arranged with the school admin and office team 24 hours in advance. Upon entering KIPP Generations Academy, all visitors shall immediately register in the front office. Additionally, all visitors must wear a school identification badge to be easily recognizable. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. To further safeguard the well-being of students and staff, a comprehensive School Site Safety Plan has been in place. It includes monthly safety drills that incorporate earthquake, fire, soft and hard lockdowns. KIPP Generations Academy also participates in the CA Great Shake drill, where we initiate our incident command center. During this drill, we complete search and rescue, have a first aid station, and practice reunification by allowing parents to "pick up their kids" during an emergency. Practicing drills always serves as an excellent way for staff members to know their roles and ask questions if needed. Overall staff at KIPP Generations Academy understand our safety plan and knows what to do during emergency situations to ensure student safety is always a priority.

## 2021-22 Types of Services Funded

Time and resources are dedicated to building out programs that support youth development whether physically in school or online. Funds have been spent in building our virtual and physical library that are relevant and at grade level. physical education and science instruction daily. Resources have been applied to supporting our community and families in a virtual setting, including health, immigration, finance and learning from home' supports.

All students have computers and, if needed, hotspots. We have used resources to provide the 1:1 technology and to acquire necessary software to make sure that all students have individualized learning programs to supplement their daily instruction. We have a tiered intervention system and resources are used to ensure that all students and teachers have the support and tools to have meaningful practice and interventions to accelerate growth. We have offered a wide range of club options for our students from to dance and arts, to newspaper and student leadership, and so much more! We are continuing to find ways to inspire and connect our Advocates to real-world learning and curious exploration.

## Professional Development

Funds are used to provide additional academic and enrichment support to our teachers and students. Instructional coaching is provided for our administrators and teacher leaders to ensure that curriculum and content is internalized and that we are growing our content expertise to provide our students with the rigorous learning opportunities they deserve. Coaching includes observations, feedback, lesson plan support, and curriculum/curriculum software support. Funds have also been used to partner with community-based organizations that provide training such as anti-bias training, culturally sustaining practice training, student/staff wellness training, restorative practices, and more.
