## School Description

KIPP Academy of Opportunity (KAO) is a high-performing free public charter middle school located in South Los Angeles. We serve approximately 440 students in grades five through eight. KAO enables students to become self-motivated, competent, life-long learners. Our students recognize that an outstanding education is key to achieving personal success and leading a life of infinite opportunity.

Our mission is to ensure that students develop the academic skills, character, and intellectual habits necessary to succeed in competitive high schools, colleges, and the world beyond. Our four guiding principles are: grit, honor, love, and leadership.

## About Our School:

KIPP Academy of Opportunity aims to ensure that students develop the academic skills, character, and intellectual habits necessary to succeed in competitive high schools, colleges, and the world beyond. Our students will become leaders who take pride in their community and have access to choice and opportunity in order to enact change. At the core of our mission is providing our middle school students with academic skills in a college prep environment. Academic learning at KAO follows a California Common Core Content standards-based continuum through a yearlong scope and sequence focused on teaching grade-level standards to mastery. Data drives instruction at every step.

Our mission supports the notion that schooling should develop the character and self identity of students. We will cultivate character strengths and teach these strengths strategically. Macrostructures are proactively planned structures and systems that we create with the goal of developing character. These examples include KAO Way Assemblies, Character Lessons, and paychecks. The KAO mission acknowledges our school does not operate in isolation. We believe in building a strong sense of partnership, pride and respect for our community. As a college preparatory middle school, we believe our role includes working with families to support them keeping their children on the path to and through college. With this in mind, KAO and KIPP Through College create family workshops aimed to increase knowledge about the path to college and learn about profiles of students from our community who have gone on to graduate from competitive high schools and colleges.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

## State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019-20)
There are a number of ways that parents can be involved with KAO. It Takes a Village is a monthly meeting held by our Parent Liaison that provides parents the opportunity to identify and address issues and opportunities for KAO students over the course of the year. Parents may also schedule teacher meetings or volunteer in a number of ways on campus. For additional information, please contact the main office.

## State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

## School Safety Plan

KIPP Academy of Opportunity's Comprehensive School Safety Plan for the 2019-20 school year was updated and reviewed on October 1, 2019. To ensure our students and staff are prepared in the event of an emergency, regular emergency (earthquake, fire, lockdown) and egress drills are facilitated on a monthly basis.

Not only does KAO have a plan for each emergency procedure, but our safety plan outlines the roles of each staff member, the locations to sweep and to shelter in, and the communication plan that flows from our chain of command to our school. We also have a plan in place for communicating to families and getting students safely to them.

During our drills, we respond to the immediate situation, and then evacuate the building (if not a lockdown) to ensure students are away from danger. Teachers will take attendance and our leadership team evaluates each drill to modify and make adjustments as needed. Our goal is to ensure a smooth, quick, and safe shelter for our students.

KAO also takes part in the CA Great Shake drill where we initiate our incident command center. In this example, we will complete search and rescue, have a first aid station, and practice reunifying our families with our students. We have sufficient food, water, and blankets in case of a big emergency. The safety of KAO students is always the top priority.

| :--- | :---: | :---: | :---: |
| Number of school days dedicated to Staff Development and Continuous Improvement | 27 | 26 | 44 |

The number of dedicated staff development days are based on weekly sessions on Monday afternoons as well as regional whole day PD days, and PD days before the school year begins and after it ends. Every week, teachers participate in professional development that focus on a number of themes including teaching and learning, data driven instruction, and student culture. This support is provided in a number of ways, through after-school workshops, content team meetings and grade level meetings. Each teacher is assigned to an Administrator and/or Instructional Support Coordinator, who provide regular observation and coaching sessions to support teachers instructional development.

Benefits webpage at www.cde.ca.gov/ds/fd/cs/.

## Types of Services Funded

KAO offers an ASES funded afterschool program to assist and support our students. The goal of our program is to continue the support students are receiving during the regular school day in a safe constructive environment during after school hours. Our program provides literacy and enrichment activities for 130 students, grades 5 to 8 . Every student in our program participates in a daily literacy and enrichment component. Our literacy programs provide tutoring and homework help in the core areas of reading, language arts, mathematics, and science. Students use software to make sure they are reading and completing math at their individual levels. Students participate in at least 1 hour daily in a literacy element. Our educational enrichment programs align with the school's academic program and include, but are not limited to, recreation and prevention activities such as football and cheerleading, youth development strategies like performing arts, music, and dance. Our school also has a robotics club, which empowers students to learn more about science and engineering, and they even compete with other schools across the region. Other enrichment activities are implemented based on the students' needs and interests.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
