# California Department of Education School Accountability Report Card <br> Reported Using Data from the 2015-16 School Year 

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### Abstract

About Our School

At KIPP Promesa Prep, we believe that when schools provide an excellent education, they provide the path for students and families to transform communities. At KIPP Promesa Prep, every student thrives in a rigorous academic program focused on literacy, nurtures a strong sense of self through character development, and celebrates the enduring legacy of our community. Students will leave KIPP Promesa as proud and driven leaders that take risks, persevere, and positively impact their community and society through their thoughts and actions.

Promesa means promise in Spanish. As a school, we are promising students, families, and the community that a quality education from elementary on will provide a better future. We are making the promise of nurturing students academically, socially, and behaviorally so that they become the leaders of tomorrow. We are promising to send our students to and through college, and to be an enduring part of their lives.

KIPP Promesa Prep is a tuition-free public charter elementary school that opened in August of 2015 in Boyle Heights. KIPP Promesa Prep currently serves 225 kindergarten and first grade students and will add one grade each year until we reach capacity in 2019 with 555 students in kindergarten through fourth grade. KIPP Promesa Prep is part of the renowned national KIPP (Knowledge is Power Program) network of schools. The school is operated by KIPP LA Schools, a charter school management organization.

## School Facility Conditions and Planned Improvements

The campus at KIPP Promesa Prep is inspected monthly for safety and cleanliness. At this time we are not planning any facility improvements. In July, all new first grade classrooms, were painted and new carpeting was installed. New furniture and rugs were purchased for every first grade classroom. All other rooms received an intense cleaning and a carpet deep cleaning. In November of 2015 new asphalt was poured over the entire blacktop.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4)

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## CAASPP Test Results in ELA by Student Group

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

## Opportunities for Parental Involvement (School Year 2016-17)

KIPP Promesa has a Parent Advisory Council (PAC) where parents can support school operations and participate in the realization of the school vision. PAC meeets monthly during the school year. All members of our school community are invited to attend.

Twice each quarter we host a family night that is centered in the learning of our students. Parent workshops have a K-1 cope and sequence to ensure that families are able to build on their prior knowledge and continue to receive information and resources to plan for their child's future. We know that the climb to college is going to require a lot of hard work and that our students will need the support from their family to get to and through. Our family nights are centered in informing our families and empowering them to be active participants in our school community and celebrate their children's growth over the year(s). Annually we engage our parents in the review and development of our schools' LCAP

## State Priority: Pupil Engagement

## Professional Development

Each week 2 hours are scheduled for teacher professional development. The professional development schedule is set over the summer for the first half of the school year and a tentative schedule is set for the second half of the year. The areas of focus are determined based on a combination of logistical/administrative concerns and curricular needs. Professional development focuses are spread out throughout the year. Most of the professional development trainings are delivered during after school workshops. KIPP Promesa also has a STEP curriculum trainer that comes trains our teacher three times a year. Teachers are also supported through in-class observations, teacher-administrator meetings, and student performance data reporting. Teachers also attend conferences throughout the school year.
